Purpose, Mission & Vision

The guiding principles and strategic goals of the RSNB-GIE

Our Mission

To peacefully advocate for the full self-determination and independence of the people of Sabah through democratic, legal, and diplomatic means — upholding international law, human rights principles, and the right of all peoples to determine their own political destiny.

Our Vision

A free, sovereign, and prosperous Republic of Sabah — a nation that governs itself in accordance with the will of its people, protects the rights of all its citizens, stewards its extraordinary natural resources for the benefit of Sabahans, and takes its rightful place in the community of nations.

Strategic Goals

Our strategy is built on four pillars: (1) Legal — pursuing Sabah's case through international legal forums, UN mechanisms, and judicial bodies; (2) Diplomatic — building a network of allied governments, organisations, and influential voices who recognise Sabah's right to self-determination; (3) Advocacy — educating the world about Sabah's history, its legal case, and the ongoing human rights situation; and (4) Community — uniting the Sabahan diaspora and building a strong, representative movement at home and abroad.

Our Commitment to Non-Violence

The RSNB-GIE is unequivocally committed to peaceful, lawful means. We reject violence in all its forms. We believe that the strength of our legal and moral case is our

greatest asset, and that justice can only be achieved and sustained through democratic processes and the rule of law.
