# Support Our Cause

> *Your contribution funds legal advocacy and public education*

## Why Your Support Matters

The RSNB-GIE's work — legal research, international advocacy, public communications, and community engagement — requires ongoing financial resources. As a non-profit advocacy organization operating in exile, we depend entirely on the generosity of our supporters. Every contribution goes directly toward advancing Sabah's cause.

Your donation funds the following core activities:

### Legal Research

We engage international legal experts to research and develop our legal case, including analysis of the Malaysia Agreement, UN Charter provisions, and historical sovereignty claims. Legal work is our most critical — and most costly — activity.

### International Advocacy

Diplomatic outreach to governments, UN bodies, and international organizations requires travel, materials, and professional support. Your donation helps us maintain an active presence on the international stage where decisions about Sabah's future will ultimately be made.

### Website & Communications

Our digital presence — this website, social media, newsletters, and multimedia content — is essential to raising awareness and building support. Maintaining professional, credible communications is a key part of our advocacy strategy.

### Public Education

We produce educational materials, host events and webinars, and engage with journalists and researchers to ensure that Sabah's story is told accurately and reaches the widest possible audience. An informed public is essential to political change.

## How to Donate

We currently accept donations via bank transfer. Please contact us directly for our current banking details and to discuss how your contribution can best support our work. We can also discuss other arrangements for larger donations or ongoing support.

Donation Inquiries

Contact us to receive bank transfer details and donation instructions. We respond to all donation inquiries within 24 hours.

## Our Commitment to Transparency

The RSNB-GIE is committed to the transparent and responsible use of all donations received. All contributions are used exclusively for advocacy purposes — legal research, diplomatic outreach, communications, and public education. We maintain clear financial records and provide regular reporting to our members and the broader Sabahan community.

We do not use donations for personal gain, political party activities, or any purpose other than the peaceful advancement of Sabah's right to self-determination. If you have questions about how donations are used, please contact us. We are happy to provide

detailed information to any supporter who requests it.

**Note:** All donations are used transparently for advocacy purposes only. The RSNB-GIE is an advocacy organization. Please consult a tax adviser regarding the tax treatment of donations in your jurisdiction.

## Other Ways to Support

If financial donation is not possible for you right now, there are many other ways to support our work. Volunteering your skills, sharing our content on social media, joining our network, and engaging your political representatives are all valuable contributions to our cause.
